Dr. Corey Ford

BSc(Hons) MRes UWE, PGCert UAL, PhD QMUL, FHEA

Lecturer in Computer and Data Science

c.ford@arts.ac.uk — LinkedIn — GitHub

Education and Qualifications

2020-2025 **Queen Mary University of London**
PhD in Artificial Intelligence and Music (HCI)
Thesis Title: *Reflection in Creativity Support Tool Interaction: Characterisations for AI-based Music Composition*

2019-2020 **University of the West of England**
MRes Data Science (HCI), Distinction

2016-2019 **University of the West of England**
BSc(Hons) Creative Music Technology (JAMES accredited), First class

2009-2016 **Cox Green Secondary School**
A-Level Mathematics, Music and Media – Grade B

2005-2014 **FunTech Computing School**
A-Level Computing (Aged 15) and GCSE ICT (Aged 12) – Grade A

Other Qualifications

2025-2026 **University of the Arts London**
PgCert Academic Practice in Art, Design and Communication, Distinction

2018 **University of the West of England**
ILM Level 3 Mentoring Certificate

Memberships

Fellow of the Higher Education Academy (FHEA)

Professional Member of the Association of Computing Machinery (ACM) & SIGCHI

Early Career Ambassador for the Computer Arts Society (CAS)

Employment

Aug 2024-present **Lecturer in Computer and Data Science** (University of the Arts London)
On the BSc(Hons) Computer Science and AI and Data Science degrees.

Apr-Jul 2024 **Post-Doctoral Research Assistant** (University of the Arts London)
Worked with a London AI music start-up company to co-design interfaces for responsive generative AI. Part-time.

Summer 2023 — **Research Assistant (Autoethnography)** (Queen Mary University of London)
Conducted an in-depth autoethnographic investigation of incorporating an explainable AI plugin into my band's creative practice of composing punk rock music.

2022-2024 — **Teaching Fellow** (Queen Mary University of London)
Lecturing for **User Experience Design** (Level 6 & 7, 180+ students). Wrote and developed all course material for a **HCI Research Methods** module (Level 7). Developed course material for a **GUI web development** module (Level 5), walking students through **Figma** to **HTML** & **CSS**, to **React**.

2020-2023 — **Demonstrator** (Queen Mary University of London)
Assisted teaching, assessment and administration (e.g. liaison with finance) across the university's computer science and creative engineering degrees, for the following modules:

- Design for Human Interaction (Level 6 and 7)
- Interaction Design (Level 6 and 7)
- Creative Group Project (Level 5) ***winner of Sustainability Award 2023**
- Arts Application Programming (Level 4)

Summer 2021 — **Research Assistant (Explainable AI)** (Queen Mary University of London)
Worked in a team to undertake a survey of AI systems which support co-creation of music between humans and machines, reviewing a number of creative AI systems from a user-centred perspective and developing a taxonomy based on how people interact with them.

2019-2021 — **Associate Lecturer** (The University of The West of England)
Contributed to lecturing, teaching, assessment (*= and curriculum design) for the BSc(Hons) Music Technology degrees and MSc Data Science degree, on the following modules:

- Programming for Data Science* (Level 7)
- Audio Process Design and Implementation (Level 5)
- Audio Technology* (Level 4)
- Introductory Audio Programming (Level 4)

2018-2020 — **Programming Tutor** (The University of The West of England)
Led drop-in sessions for students with programming questions across the university's computer science courses and their varied modules (such as: Intro to C++; Audio Process Design and Implementation; and Data Structures and Algorithms).

Summer 2019 — **Research Assistant (Music & Code)** (The University of The West of England)
Supported an iterative design process where functionality, language primitives and improved usability were developed based on my experience of transcribing music as music + code with a novel generative music programming environment, named Manhattan.

Jun-Jul 2019 — **Workshop Lead** (The University of The West of England)
Developed teaching materials and led a workshop for A-Level students, introducing them to sound editing. This was for a STEM outreach event (funded by the Institute of Coding).

Summer 2018	**Audio Software Developer Intern** (The University of the West of England) With UWE's Creative Technologies Laboratory, experimenting with a audio development board (ARM M4 & M7 chips), writing real-time C++ and FAUST code.
2017-2018	**Academic PAL Leader** (The University of the West of England) Mentored and facilitated learning for 1st year students in Music Technology (particularly helping with their audio programming in C++). Led to an ILM Level 3 Mentoring Award.
2017-2018	**Tech Tutor** (FunTech) Tutoring holiday tech camps for 8-16-year-olds. These included: Unity Game Development, Java, Python, App Design & Scratch.
Mar-Apr 2017	**Developer** (FunTech) Wrote course content in C for a "Music Coder" tech camp. I'd pitched the idea with a mini business plan and budget estimation.
2015-2016	**Network Systems Assistant** (Wessex Primary School) Worked as a technician fixing general IT issues around the school.

Supervision

PhD Students (Supervision Team)

2026	Li Lin Thesis Topic: *Accessibility and Video Games*

MSc Students

2027	Yiyan Zhang (AI-Powered Inventory Management in Fine Dining)
2026	Reiner Rillo (AI Music); Giacomo Uliassi (AI Plant Aggregation)
2021	Supported supervision of 2 MSc Computing and Information Systems (Conversion) Dissertations at Queen Mary University of London

Undergrad Students

2026	Anika Ojha (Attention, Overstimulation, and Slowed Interaction Design)
	Aya Jebari (Using Glitch Aesthetics to Recreate the User Experience of Digital Censorship in the 2011 Tunisian Revolution)
	Belle Williams (LunAI: Physiology-Aware Fitness Coach with Integrated Database System)
	Tharshan Jeevamanokar (Transformer-Based Classifiers that Distinguish Human Aim from Smooth and Humanised Aimbot Trajectories)
	Yu Lim (Fine-Tuning MusicGen AI for Hybrid and Individual Music Style Generation in Soundtrack Composition)

Reviewing

Member of the **ACM TOCHI** Distinguished Reviewer Board

ACM CHI (Full papers; Extended abstracts; alt.chi); **ACM DIS** (ACM Research-Through-Design Committee; Full Papers); **ACM C&C** (Full papers; Pictorials; Artworks; Posters; Demos); **Computer Music Journal** (CMJ); **Personal and Ubiquitous Computing Journal**; **ACM Multimedia** (Artworks); **NIME** (Full papers, alt.nime jury); **International Workshop on Haptic & Audio Interaction Design** (HAID); **Explainable AI for the Arts Workshop** (XAIxArts); **Reflection in Creative Experience Workshop** (RiCE); **Digital Music Research Network Workshop** (DMRN).

Technical Skills

Research	**UX** – User studies, personas, usability testing, user stories, card sorting, wizard-of-oz, ideation, design fiction, prototyping & wireframing, child-computer interaction
	Knowledge – Designing for engagement, designing for reflection, creativity support tools, human-AI interaction, Norman's design principles, ethnography, autoethnography, design justice, NIME
	Quantitative Methods – machine learning, experiment design and analysis; A/B testing; questionnaire development and validation; structural equation modelling; factor analysis; interaction logs; data mining
	Qualitative Methods – think-aloud studies; interviews; video-cued recall; thematic analysis, discourse analysis
Languages	**JavaScript** (audio, GUI, ML); **C++** (interactive systems and embedded); **Python** (data mining, statistics, ML); **LaTeX** (publications); **R** (statistics); **Java**; **HTML**; **CSS**;
Frameworks	**JUCE** (large-scale multi-threaded applications); **Processing & P5js** (musical interfaces, generative art, web ML); **Web** (React, Tone.js, NPM); **OpenFrameworks** (interactive systems, generative art); **Machine Learning** (TensorFlow, Keras); **Anaconda** (numpy, pandas, matplotlib)
Tools	**GIT; MIDI; BibTex; Doxygen; UML; JSON; XML**
IoT	**Arduino; Raspberry Pi; ESP32; MQTT**
Music	**Sibelius**, **Logic**, **Pro Tools**, **Cubase** & **Reaper**
	Guitar (grade 8 standard); **Piano** (self-taught); **Music Composition** (portfolio on request)
Other	**OS** (Mac OSX, Windows, Linux); **Applications** (Xcode, Visual Studio, Adobe Creative Suite, MS Office); **Driving** (British driving license)

Awards and Nominations

Nominated for an Arts Students' Union Award for Outstanding Teaching (2026)

Honourable Mention Award (top 5% submissions) for "Reflection Across AI-based Music Composition" at ACM Creativity & Cognition 2024

Pendlebury-Tucker Prize (Award for Best Music Technology Project) (£200)

Dean's Award for Academic Excellence 2016/2017 and 2017/2018

Granted funding from the University of the West of England's enterprise summer scholarship scheme (£1000)

Organisation & Professional Service

Conference Organisation

2027	Creative Computing Competition Chair for ACM Creativity and Cognition (C&C)
2026	Reflection in Creative Experience (RiCE) Workshop Chair at ACM Creativity & Cognition (C&C)
2026	Session Chair for ACM Creativity and Cognition (C&C)
2026	Applications & HCI Systems Session Chair for Computer Graphics International (CGI)
2025-2026	Posters and Demos Chair for ACM Creativity and Cognition (C&C)
2025	Explainable AI for the Arts 3 (XAIxArts3) Workshop Co-Chair at ACM Creativity & Cognition (C&C)
2023-2024	Student Volunteer Chair for ACM Creativity and Cognition (C&C)
2023-2024	Session Chair for ACM Creativity and Cognition (C&C)
2021	Programme chair & editor for Digital Music Research Network One-Day Workshop

Ethics Panels

2025-present	Creative Computing Institute Research Committee Member (University of the Arts London)
2023-2024	Queen Mary Ethics of Research Committee Member (Devolved School Ethics Committee)

Other

2025-present	Co-organiser of ACM Student Chapter for the Creative Computing Institute at University of the Arts London
2022	Volunteer at the International Workshop on Haptic & Audio Interaction Design (HAID)
2021	Organiser for group lab event between the IRCAM ACIDS lab (France) and the AI + Music CDT (UK)
2020	Workshop support for the BBC Digital Cities Event with Manhattan at the Engine Shed, Bristol
2020	Workshop support for “Crowd Driven Music with Manhattan” at the NIME Conference
2020	Student Representative for the AI + Music CDT (Queen Mary University of London)
2019	Student Representative for the MRes Data Science Degree (University of the West of England)

Invited Talks & Press

Phenomenology Guest Lecture at Queen Mary University of London (2026)

EVA and CAS Student Mentoring at the Electronic Visual Arts Conference (2025)

Creativity & Design Guest Lecture at Queen Mary University of London (2025)

From Code to Chord: Live AI Music at the Music Managers Forum Summit on AI (2023)

ART-ifical Intelligence and Music at the Pint of Science Festival (2022)

On Creativity & Codetta for the School of Computing and Communications at the Open University (2021)

Codetta Talk & Workshop for MA Creative Music Practice students at the University of Gloucestershire (2020)

Bristol 24/7 News Coverage (TV and Print) on Codetta and UWE Degree Projects (2019)
